What participants liked best about the Laboratory of Dialogue was:

- dialogue and information on professional matters
- there was cooperation with different people different thoughts and expressions.
Pleasant conversation with experts
- dialogue, cooperation, exchange of views
- experts were fully trained, informed. Wide range of participants
- collaboration, meeting people
- free expression of ideas
- communication between organizers and participants
- team spirit
- that I was not the only one to think the way I do

Comments or suggestions made for future Laboratory of Dialogues:

- make several questions on employment and labor
- as it is
- dialogue with stakeholders
- I hope to find a job until the next lab. If I won't and I participate, I propose that we have to discuss the way our working experience will be tuned with job, so that it represents our personalities.
- create jobs
- I would like to be informed about everything that takes place
