Main aims:

The project aims to strengthen schools in all partner countries and beyond in their education of migrant children (with a refugee background) by development of:

- database of usable and shareable learning material to facilitate inclusive education for migrant children
- online collaborative exchange portal and resource repository concept towards inclusive education
- introducing peer support learning as innovative method to foster inclusive education
- online tool for assessment methodology for refugee students' prior knowledge & recognition and validation of the learning outcomes gained during the learning process
- white papers towards inclusive education for migrant children, based on the project's outcomes and results.

Target groups:

- Pedagogical staff at primary and secondary school education: teachers, trainers, head teachers, principals, headmasters, resource tutors
- Policy makers – local educational authorities, municipality departments on inclusive education policies, dedicated departments at Ministry of education and science, Agencies of refugees and migrants etc.
